This *It's a Disaster* resource book is being distributed by the Western Maryland Area Health Education Center (WMAHEC) Emergency Preparedness Caucus and *Project Aware*, program funded through a Special Volunteer Program grant from the Corporation for National and Community Service.

Emergency Preparedness Caucus (E-Caucus) members, bottom row L-R, are Chair Ron Frye, Secretary Pam DeVore, and Cathy Webb; top row L-R are Todd Lake, *Project Aware* Program Director Martha Bird-Middleton, WMAHEC Board Representative Anne Sheetz, Marilyn McKenzie, and WMAHEC Executive Director Susan K. Stewart. (Not pictured are Vice Chair Bea Lamm and Treasurer Nancy Folk.)

In response to a disaster or national emergency the Volunteer Mobilization Center will be activated by the Volunteer Center of Allegany County (VCAC); it provides coordination and referral of spontaneous and unaffiliated volunteers. For more information contact: Marilyn McKenzie, Director, Volunteer Center of Allegany County 301-724-1559 or email mmckenzie@allconet.org

Loudoun MRC

mrc@loudoun.gov
www.loudounMRC.com

The Loudoun Medical Reserve Corps (MRC) is pleased to be able to provide you with this reference and response guide.

Thank you for your commitment and determination to help Loudoun County respond to health emergencies, manmade or natural. Your dedication reflects the community pride and willingness to assist that all citizens of Loudoun expect of themselves and each other. This book is a small token of appreciation for all your hard work and dedication in making our community better prepared to respond to any unexpected event.

We encourage you to share the information in this book with your friends and neighbors and urge them also to join the MRC. We seek both medical and non-medical volunteers to help in case of an emergency.

Thank you for your efforts.

Dr. David Goodfriend, MD, MPH
Director
Loudoun County Health Department
703-777-0234

A message from the MEMA Western Regional Administrator – Roger Bennett

Dear Residents,

Thank you for your willingness and determination to prepare yourself and help out the community, if an emergency arises.

The Maryland Emergency Management Agency strives to provide the counties of Maryland with a safe community to live and raise a family. Part of this function is ensuring the county is safe from hazards of all types.

We cannot always prevent emergencies or disasters from occurring. However, there are many actions we can take together that will prepare and reduce the impact of such an event.

This guide contains many suggestions to assist your family in preparing for emergencies and reduce hazards and personal injury.

Thank-you for your support of our efforts to aid others.

We all have a role in hometown security. Southern Utah Citizen Corps asks you to embrace the personal responsibility to be **prepared**; to get **training** in first aid and emergency skills; and to **volunteer** to support local emergency responders, disaster relief efforts, and increase community safety.

It is the vision of the Citizen Corps Councils in Southern Utah to serve as a bridge between the First Responder / Emergency Planning community and citizen volunteers who wish to help prepare their homes and communities for disasters and emergencies of all kinds.

This book is presented to you as a gift, in the hope that you will use it in your own home to help your family and yourself take steps to become better prepared, not only for large-scale disasters – but also for everyday emergencies.

Best Wishes,
Shara Bastian, Co-Chair
Central Utah Regional Citizen Corps Council
sbastian@sixao.state.ut.us

Multnomah County Neighborhood Emergency Response Teams (NERT) are happy to provide you with an opportunity to possess and use this tremendous reference work and response guide.

Please read the book carefully and keep it in a place that is not only handy, but located where you can retrieve it when you need to use it in response to an emergency situation.

We encourage you to share this information with your friends and neighbors.

Additional copies are available by calling
503-793-3305.

MRC Volunteers,

Thank you for your commitment to helping the Prince William Health District respond to emergency situations, man-made, or natural. This book is a small token of appreciation for all your hard work and dedication in making our community better prepared to respond to any unexpected event.

Alison Ansher, MD, MPH
Director
Prince William Health District

CERT Sponsors

The **Spartanburg County Office of Emergency Services** is the primary sponsor for the CERT program. The Office of Emergency Management coordinates the program and the Emergency Services Academy provides training facilities for our disaster simulation. Both are proud of the program and look forward to its continued advancement in the years ahead.

With the assistance of Sgt. Ted Beaty, the Spartanburg County CERT team was formed in June 05. Sgt. Beaty was our first CERT instructor and has remained a part of the CERT program. Now, with the assistance of Deputy Micah Horton, the **Spartanburg County Sheriff's Office** guides our CERT members through their disaster simulation exercise. We look forward to their continued support in the years ahead.

The **North Spartanburg Fire Department** is the primary training facility for our CERT team. Captain Brent Lewis teaches the medical portion of the CERT curriculum while four members of their support services staff assist with CERT instruction. We are very fortunate to have their support and cannot thank them enough for the services they provide. We look forward to their continued support in the years ahead.
